

Completion Rate Information American Institute

Each year by July 1st, schools that participate in Title IV Federal Student Financial Assistance Programs are required to disclose to enrolled and prospective students, upon request, data on the school's completion rates for those students who completed their programs within 150% of normal completion time between September 1, 2005 and August 31, 2006.

The data for American Institute for this period is as follows:

Total students who started in the cohort	80
Total number of graduates	59
Completion percentage	73.7%
